Workshop "Language Barrier"

I am working on art workshop titled "Language Barrier" since 2023. This activity, which values the sounds of foreign languages and the dialogue that arises through artwork, this is an effort to cultivate nourishment for the soul through art.

Oulu2026 European Capital of Culture (ECOC)

Launched in 1985, the European Capital of Culture is one of Europe's long standing cultural initiatives. Oulu has been selected as the European Capital of Culture for 2026, "Oulu2026" and under the theme "Cultural Climate Change," a wide range of cultural programs are now underway.

Pikinen Poloku Environmental Art Path

From June to the end of September 2026, Pikinen Poloku will take place on Pikisaari Island. Visitors can walk along a small environmental art path that follows the island's coastline and forest. At the former wool factory Vanha Villatehdas, the participatory art workshop "Language Barrier" will also be held.

New artworks created by invited artists (including myself), as well as artists and groups active on Pikisaari, will be installed throughout the island's natural landscape.

Pikinen Poloku is part of the Oulu2026 official cultural program and reflects the vision of Cultural Climate Change.
